WHAT TO EXPECT

BEFORE YOU BOOK THE SESSION

These sessions are great for newborns and children who are comfortable spending time with Santa. We have learned that children between the ages of 9 months to 4 years old have a higher tendency to become nervous with strangers and once the tears come, it is nearly impossible to convert to smiles. Although we do not want to discourage anyone from booking, these sessions are geared, towards children who understand and can consume the magic Santa and spirit that Christmas brings. Please feel free to contact me prior to booking to discuss these sessions further if you are unsure.

BEFORE THE SESSION

A \$50 retainer is due at the time of booking to secure your session. Once this is purchased, we'll start planning your session. Prior to your session we will have a phone consultation and discuss the details of your session. We will then meet for your family at our Havertown Studio, have loads of fun and capture great images. Additional fees may be incurred in the event a client re-schedules. Some session ideas - wear your xmas PJs, share some cookies and milk, listen to a story, play with some toys, go over your list, or the possibilities are endless!

AFTER THE SESSION

Immediately following your session, you will have a seat in our viewing area and view your images. At that time, you will discuss your needs and purchase your order. Within a week to 10 days from your order, your digital images will be available to you via digital download from my website. Any prints or specialty items take approximately 2 weeks. We'll post our favorites to our blog & facebook page.
