

# 2020 BEACH & Sessions

with Danielle Foster Creations

# Welcome!

*Thank you for your interest in our Beach Sessions! There is absolutely nothing like a beach portrait session! I strive to provide my clients with a pleasing and relaxing photography experience (capturing special candid moments as well as traditional posing), and high quality images. I shoot throughout the South Jersey Shore.*

*We can have your session on the beach, by the bay, at your campground, or even on the boardwalk! We shoot as close to sunset as possible but will accommodate your young family's schedule. Please note, the images you see in this guide were taken at the golden hour of sunset. This would be sacrificed when an earlier session is requested, but I do understand that a pleasant child is more important than the prettier sky.*

# What to Expect

## BEFORE THE SESSION

A session fee and signed contract is required to reserve your session. Prior to your session, we will have a consultation (via email or phone - whichever you prefer) regarding your vision and style. I will answer any questions you may have including wardrobe, location, who is joining us, etc. We'll keep an eye on the weather forecast and contact you (the day of or day before will then meet for your shore session at our designated location, have loads of fun and capture great images. Additional fees may be incurred in the event a client reschedules. No refunds, however you may use your retainer towards a future session.

"Danielle & her team never cease to amaze us! We all had a blast kicking up sand and getting wet running in and out of the ocean. Not only is Danielle the ABSOLUTE BEST at capturing beautiful moments, she also makes everyone feel comfortable & meaningfully shares in those experiences with our family. My children have grown to refer to her as Aunt Danielle."
